### Work Experience

➤ Web development & content writing, [Welkin RC Crew](#).

Welkin promotes the hobby of remote control flying and educates those who consider learning the designing, building, programming, and aerodynamics of the drone.

➤ Web development & content writing, [V Liv In Bamboo](#).

V Liv In Bamboo is an e-Commerce platform, & a consulting firm started with an aim to bring the goodness of naturally built houses to everyone's wish list, having spread our thought in the minds of hundreds of land owners who wish to feel the refreshing aroma of natural material for their residences, etc.

➤ Web development & content writing, [Shresta Productions](#).

Shresta Production is a photography site that features a photographer's exhibit of his best works. The Website showcases featured photographs in a uniquely yet obvious way as far as user experience is concerned. The site also includes his recent works, live, testimonials and many his splinded works.

### Ongoing Projects

★ Web development & content writing, [The Skypedia](#).

Skypedia is an idea of creating an Aviation Encyclopedia. It is being developed as a MediaWiki site where anyone can comment propose modifications to an existing article, suggest a new topic, or submit a draft article. The site also features all the Aeronautical/Aerospace engineering study material along with job openings or notifications related to the Aviation sector.

★ Web development & content writing, [HAIL Blood Donation](#).

HAIL Blood Donation is a humanitarian platform being developed to extend swift aid for those in need of blood in an emergency. HAIL aims to provide with the content about the government registered blood banks, blood donors and other related information.
